INTRODUCTION

About The Brand

Wear Your Story. Own Your Style.

Tee Twi is a contemporary streetwear brand built around self-expression, individuality, and modern culture. The brand transforms everyday thoughts, emotions, and experiences into wearable designs that connect with the people who wear them.

More than just clothing, Tee Twi represents a mindset. Through oversized silhouettes, bold graphics, and meaningful storytelling, the brand creates pieces that reflect personality, attitude, and the freedom to express yourself without limits.

Inspired by street culture and the creativity of a new generation, Tee Twi bridges the gap between fashion and personal identity. Every collection is designed to feel relatable, comfortable, and expressive, giving people a way to showcase who they are.

INTRODUCTION

Bussiness Goals

Create A Strong Connection With The Community

GOAL 1

Build A Recognizable Streetwear Identity.

Tee Twi aims to evolve from a graphic T-shirt brand into a distinctive streetwear label. By creating a strong visual language, consistent storytelling, and memorable designs, the brand will establish a unique position in the competitive fashion market.

GOAL 2

Create A Strong Connection With The Community.

Develop a brand that goes beyond clothing by connecting with people through relatable designs, cultural expressions, and everyday stories. Tee Twi focuses on building a community where customers feel represented through what they wear.

GOAL 3

Expand Into A Complete Streetwear Ecosystem

Grow beyond individual products into a complete lifestyle brand through collections, digital experiences, campaigns, collaborations, and engaging brand touchpoints. Tee Twi aims to become a trusted name in modern Indian streetwear.

COMPETITORS

The Souled Store

The Souled Store is a pop-culture-driven lifestyle brand that turns fandom into fashion. By combining licensed characters, nostalgic references, and expressive designs, the brand allows customers to showcase their personalities through clothing and merchandise. It has built a strong emotional connection with young audiences by making products feel like a part of their identity, not just apparel.

- **Upper:** Premium synthetic leather in a tonal grey-on-black finish, structured with layered overlays for a plated, armour-like build
- **Detailing:** Contrast tonal stitching, reflective underlays, perforated ventilation panels and a debossed bat emblem on the tongue
- **Collar & tongue:** Padded, mesh-lined and cushioned for lock-in comfort and all-day wear
- **Signature hardware:** Functional metal carabiner at the heel — inspired by the utility belt, built to actually carry
- **Footbed:** Printed cushioned insole featuring The Batman in deep red — hidden until revealed
- **Midsole:** Sculpted cupsole with an exposed TPU Pod for a stability and a

01

Design Elements
